AICS 2022

Artificial Intelligence and Cognitive Science

AICS returns for its 30th consecutive year for a two-day conference on December 8th/9th. Hosted by Munster Technological University, the event will be welcomed back on site and in person. The AICS promises to bring together the 'who's who' of the Artificial Intelligence research community, delivering an engaging conference on the latest developments and future innovations in AI and Cognitive Science.

Since its first inception in 1988, the AICS Conference is Ireland's primary forum for researchers interested in networking and engaging with Artificial Intelligence and Cognitive Science experts. Once considered a niche area, the fields of Cognitive Science and Artificial Intelligence – which encompass Data Analytics, Information Retrieval, and Machine Learning, are now at the forefront of Irish computing research and industry.

Why Sponsor?

AICS 2022

Benefits from attending include:

- Unique opportunity to build individual and brand profiles within the AI research community.
- Network with multi-nationals, SFI research centres and academics.
- Interact with see 70+ researchers from all corners of Ireland.
- Gain expert insight on the next wave of tech innovation in artificial intelligence and cognitive science.
- Find Collaborative Opportunities with delegates, research groups, institutions and funding bodies.

There are plenty of opportunities to make the most of your sponsorship at AICS through sharing content/demos at your branded exhibition stand, hosting or sponsoring a session on a relevant topic, or exploring networking opportunities by connecting with attendees and having 1:1 meetings.
